## New Faculty Books

### **Sovereignty's Entailments: First Nation State Formation in the Yukon.**

**Paul Nadasdy's** timely and insightful work illuminates how the process of state formation is transforming Yukon Indian people's relationships with one another, animals, and the land.

Available December 2017

## Creating a New Public University and Reviving Democracy

**Davydd Greenwood** and Morten Levin analyze the wreckage created by neoliberal academic administrators and policymakers and argue that public universities must be democratically organized to perform their educational and societal functions. The book closes by laying out Action Research processes that can transform public universities back into institutions that promote academic freedom, integrity, and democracy.
